THIS IS UNEVALUATED INFORMATION

- 25X1 1. [redacted] the deportations carried out by the Soviets in the Baltic States in the period March - July 1949 indicates that the action was taken against two particular categories of individuals:
 - 25X1 a. Those known to have family members in the partisan movement; those known or suspected of possessing information concerning the identities of such partisans or their activities; and those suspected of aiding the partisans by providing shelter and food.
 - 25X1 b. Those who actively or passively oppose the collectivization program being promoted in the Baltic States. In fact, many persons who merely did not indicate enthusiasm for the program were included as innocent victims in this group.
- 25X1 2. This general pattern is understood to be the basis for the deportations throughout the Baltic States.
- 25X1 3. [redacted] "several hundred" individuals were deported from the vicinity of Tallinn, Estonia. [redacted]
